1. Support business investment through corporate tax reform

1. What features of the Australian business environment have encouraged or restrained investment over the past 10 years?

The participant did not respond to this question.

2. What elements of the corporate tax system encourage and/or discourage investment and risk-taking?

The participant did not respond to this question.

3. Which parts of the corporate tax system do you find the hardest, or most time or cost-intensive to comply with? How could the compliance burden of the business/company tax system be reduced?

The participant did not respond to this question.

2. Reduce the impact of regulation on business dynamism

1. What areas of regulation do you see as enhancing business dynamism and resilience? What are the reasons for your answer?

None that come to mind , councils dropping the need for domestic drainage plans & applications for additions , now only requiring a plumbers form4 .

2. How has your regulatory burden changed over time?

No need for an application & cost pror to construction. No Time lost waiting or applying or waiting for approval .

3. What regulations do you find time-consuming, overly complex or otherwise constraining business dynamism and resilience? What are the reasons for your answer?

New 7 star energy efficiency requirements.
Now very complex & expensive to achieve compared to the previous 6 star rating .

4. Can you share any specific examples of where you think a regulator has done a good or bad job of understanding and reducing regulatory burden on businesses and why?

New accessibility requirements , some make sense & don't add cost greatly but some of it makes no sense at all .
