Participant background

1. For the purposes of this consultation, which of the following best describes you:

I am an organisation that provides or coordinates care services

2. Which of the following care sectors will your feedback relate to? Please select all that apply.

Aged care

3. What kind of care supports, services and programs do you have experience with, and in what jurisdictions?

The participant did not respond to this question.

1. Reform of quality and safety regulation to support a more cohesive care economy

1. To what extent do differences in quality and safety regulation make it costly or complex to provide or access care services?

Somewhat

2. What are the reasons for your answer?

The costs impact on human and fiscal resources available and hence have a negative impact on the ability to extend and enhance service offerings

3. To what extent should quality and safety regulations be more aligned across the different care service sectors and jurisdictions?

Somewhat

4. What are the reasons for your answer?

For those providing multi types of services this would reduce costs associated with every growing compliance

2. Embed collaborative commissioning to increase the integration of care services

1. What is your experience with collaborative commissioning

The participant did not respond to this question.

2. What are the benefits of pursuing greater collaborative commissioning?

The participant did not respond to this question.

3. What are the barriers to collaborative commissioning, and do you have any suggestions for solutions that would lead to better collaboration in the commissioning of care services?

The participant did not respond to this question.

3. A national framework to support government investment in prevention

1. What are the main barriers to governments investing in evidence-based prevention programs across the care economy?

The participant did not respond to this question.

2. What are some examples of successful prevention programs (this could include discontinued programs)?

The participant did not respond to this question.

3. How can governments better support investment in prevention activities that have broad and long-term benefits for the Australian community?

The participant did not respond to this question.
