Dear Reviewers

Review of Trans-Tasman Mutual Recognition

Thank you for the opportunity given to the Dietitians Board to comment on the operation of the Trans-Tasman Mutual Recognition (TTMR) arrangement.

Dietitians are not registered by statute in Australia, and so the TTMR arrangement has no effect on this profession. However, as dietitians are registered in New Zealand for the reason of public safety, it is the view of this Board that they should also be registered in Australia.

Yours sincerely

Brian Cumming
Registrar
