

Regulation of Agriculture

**FARMERS
ARE STRAINING
UNDER A HEAVY
BURDEN OF
REGULATION.**

"We face complex regulations at every stage of the supply chain - from land acquisition to marketing."

"Some regulation is simply not supported by the evidence."

**SUCH AS BANS ON
GENETICALLY MODIFIED
CROPS IN SOME STATES.**

**ANIMAL WELFARE
STANDARDS ALSO
NEED TO BE EVIDENCE
BASED AND CONSISTENT.**

"A national, independent body should be created to develop farm animal welfare standards and guidelines."
