

The proposed initiatives in Table 2, DR 4.6 and DR 4.7 prompt me to raise these areas of concern:

The Trade Practices legislation, administration and judgements must be considered.

Dumping by third countries could be facilitated. The application of the GATT Anti-Dumping Code to Trans-Tasman trade was abolished. Any use of the Trade Practices legislation is costly; and, the times to get a judgement could be long.

More generally Trade Practices legislation, administration and judgements must be considered.
