Commissioners,
Parallel Importation of Books Study
Productivity Commission
GPO BOX 1428
CANBERRA CITY ACT 2601
By Email: books@pc.gov.au

Dear Commissioners,

Petition

We, the undersigned, state that:

Australian authors are very concerned at moves to abolish territorial copyright for books in Australia. Territorial copyright is a vital protection for our intellectual property – the books we write – and without it we are exposed to major threats to our income and our basic rights as authors.

Territorial copyright flows from our rights as the holder of copyright in a book. The abolition of territorial copyright would amount to the expropriation of our intellectual property, and we call on the Productivity Commission to reject this completely.

Signed:
