

Hi,

My name is Geraldine Post.

I am interested in Australian published books and would like to learn more about key points, and Media release.

Virginia Lowe has helped me to work on a book for twelve to fifteen year old children.

I have read what you wrote and would be pleased to help support the Australian book industry publishing – for without it there will be fewer Australian publishers, fewer Australian books and fewer Australian authors.

Sincerely

14 April 2009
