

Delwyn Rance
DDA

Dear Ms Rance,

Further to my earlier communication I list a number of areas in DDA structure that require reform :

- Effective Human Rights legislation in workplaces (incl. & especially Govt.) to provide avenues for victims to attain advocacy and redress re DDA
- Effective legislation to prevent the need for victims to seek DDA redress (and similar avenue/s)
- Effective legislation preventing employers from controlling/influencing decision making
- Make HREOC properly independent and fair
- DDA to ensure effective Advocacy re HREOC Claims
- Ensure Comcare does not ignore DDA, similar laws
- Ensure power structure not geared to ignore DDA

Please acknowledge this communication a.s.a.p. Thanks.

Very truly,
J W Filsell
