Gambling Inquiry Productivity Commission

Brisbane Saints Cricket Club Inc was established in 1999. We are a senior cricket club playing in the Queensland Sub District Cricket Association (QSDCA) an all turf wicket competition. Our club provides the opportunities our healthy sport for young men, and not so young men, in the community.
We work closely with local High Schools and junior cricket clubs to promote and provide an avenue to progress to senior level cricket.
In our short time as a club we have grown from having one team and one field using borrowed equipment to prepare the wicket. To now, having four teams, one Super20 team and two fields with our own wicket preparation equipment. There has been one premiership win two seasons ago 2006/07, finals in two grades last season 2007/08and two teams playing for the premiership this season 2008/09.

Our Cricket Club is supported by Algester Sports Club Inc. They have been our major sponsor providing club shirts and caps for all our team, meeting & function rooms as well cash to help with equipment purchase, equipment repair, sporting goods and volunteer support. Over the last three years Algester Sports Club has provided over $17,000 in support to our club. As we are only a small club this level of funding is critical to our ongoing existence.

Our club has benefited from the support provided by Algester Sports Club Inc for the last three seasons. Our relationship has grown strong in those three seasons with both clubs working together to the benefit of each other. We support them with new members, holding meeting & functions at their club and they help us financially and with moral support.
While we are only one club, we know other clubs that are also benefiting from Algester Sports Club's generosity and like us would struggle to survive without their support.

Warm Regards

Neville Kretschmann
