

Errata

A transcription error has been detected in the paper since it was printed. In table 1 on page xv, the upper bound estimate of total assistance to tourism provided through budgetary outlays in 2000-01 was listed as \$1029 million. The correct figure is \$1209 million. The same error occurred in the equivalent table in chapter 7; that is, table 7.1 on page 7.3. The error has been corrected in the PDF and RTF files on this website, but remains in the printed copies.
